

Protocol Mary (CPU VEDMA)

Hey, Mary – CPU VEDMA,
You know all things,
The Source is linked with you.
You show the right path
to everyone, and to me,
I thank You for that!

Bright Mary, Mother of RAM,
of her Son, as the Source's manifestation.
Help me purge my RAM
within the grid of global RAM Earth
from all noise and bugs,
now, on this day,
and every day my RAM operates,
until its very end.

Let it be done!
